iCade

ARCADE CABINET FOR iPad

Arcade-style gaming with iPad!

Flashback to the glory days of gaming with iCade! iCade integrates your iPad into an authentic, arcade-style cabinet complete with joystick and buttons! Impress your friends, family and co-workers with iCade's great-looking retro design, and then challenge them for high-scores on the most entertaining iPad accessory imaginable!

iCade's specially designed cradle ensures safe loading and unloading of your iPad, while also providing a solid, secure fit even during the most intense game-play sessions. Furthermore, the cradle offers an ideal screen-viewing angle and quickly connects iCade's top-quality arcade controls directly to your iPad wirelessly. Once iPad is in place, simply launch any supported iCade-compatible app and it's game on!

The arcade action starts with the retro-gaming classic Asteroids and continues with many other Atari arcade titles. In addition to the extensive Atari library, new and existing apps can be easily updated to work with iCade. Grab hold of iCade's full-sized joystick and smash the eight arcade buttons for commanding control of iPad's on-screen action. This truly unique arcade cabinet game-controller for iPad will provide hours of action and nostalgic fun for years to come. Enter the iCade and go back to the future!
